"THEY ARE NOW IN FLORIDA"

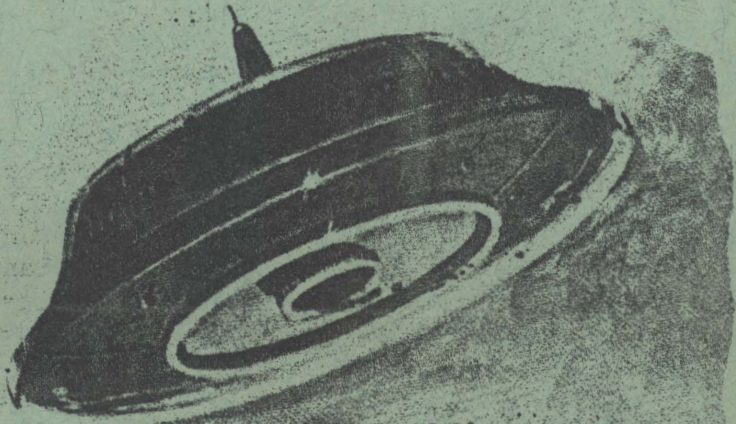

## Deadly Spiders Found

The spiders have been reported in five North Georgia counties and an Atlanta television station newsman interviewed an authority on them Wednesday night. The interviewee said they are more dangerous than the better known black widows because they are indoor spiders whereas black widows are outdoor creatures. Both he and Pardue noted that both sexes of the brown recluse are dangerous whereas only female black widows are poisonous.

"When you see one you ought to kill it right then. It is no joke. It is like having a rattlesnake in your house," Pardue warned.

The brown recluse, including its full spread, is about the size of a half dollar and has dark violin shaped markings on the upper part of its body.

There have been only six reported brown recluse-caused deaths in the U.S., but this low toll may be because it takes 2 to 6 hours for victims to become ill and then physicians may not know what they are treating, Pardue said. Symptoms include discoloration, blistering and hemorrhage often followed by ulceration, says a national magazine.

One of the saucers the Condon Report could not explain: sighted over McMinnville, Oregon on May 11, 1950

## SCOOP SNOOPS !!!

News of "invisible footsteps" and "entities" at Arnold, Pa.... "Poltergeist" type activity now being reported in 3 out of every 5 UFO reports coming in to this desk! It seems we no longer have a 'War of the Worlds' -- just a 'War of the Weirds'!!!

----- DELSEY, Barney Hill's dog now dead -- and Mrs. Hill is suffering from a WART-LIKE GROWTH on the inside of her throat..... BOTH the guards and the prison inmates at the Tucker Prison Farm in Arkansas report that "Haint's are after 'em"! (translation: Haunts or 'Ghosties'!) As the story goes even the bloodhounds cower together and whimper in fright... Officers lock their doors at night "and find them eerily unlocked comes dawn"... Fire-glowing werewolves circle their gun towers at night and radios go mysteriously dead.. On one occasion, a guard opened fire on a "whirling dervish" (shades of Ali Baba!)... the next night an inmate and an officer "dissolved into uselessness after he and the officer were attacked by unearthly phenomena". Both men opened fire... the apparition disappeared..... Acting Superintendend William Barker said he had not seen the this... but that a month ago "we had some strange lights or something..." Would you believe the source was: the PEA PICKERS PICAYUNE!!! (that's SOME pickin') OFF KEY TOOTLING TRUMPETS led police to discover the decomposed body of Clarence A. Styer in his bed where apparently it had been KEPT by his wife and daughter FOR TWO MONTHS!!! ... Police were greeted by the toots on the trumpet and a religious picture would be lowered on a string in the window when they attempted to investigate... they said the trumpet was sounded by the daughter in an effort to WARD OFF EVIL SPIRITS ...Officials said "HEXEREI" a form or witchcraft - was practiced by some in the Pa. Dutch country... (lancaster, Pa.)----- MEANWHILE - back at the CIGAR COMPANY (GENERAL) in Puerto Rico... According to the plant there, WITCHCRAFT is being used to influence the employees to vote for union representation..... (Which Union? -- Wonder if it was the WOW? World-wide Organization of Witches?!) CHILEAN witches must be most vocal in the group..! Witness: "Colored eggs laid by Special Hen".... The ARAUCANA is relatively rare states an eggs-pert..... The hen NORMALLY lays BLUE eggs ---- HOWEVER ---- now they have one that lays green, lavender, pink, khaki ( the Army should love these!) and brown..... WHAT - NO STRIPES? ..... IF you thought THAT was kooky -- WATCH OUT FOR THE GRASSHOPPER-BEINGS! Repeat --- 'BEINGS'.... According to the poor sould who did the watching "By the foot of my bed I saw a dark figure... "at first I thought it was my nerves. In my terror-struck mind I said, "If you're one of Ted Owen's grass-hopper-like - beings, why don't you fly? AND THAT IS EXACTLY WHAT IT DID." "The next thing I knew one of them was up above me. There were two of them. They seemed to be about 3½ ft. tall... One thing I noticed was their wings resembled those of a fly's." --- WHAT - NO STRIPES? ..... Of course, WORMS were busily invading the WATER SUPPLY in Miami -- so why not 3½ ft. tall flying grasshoppers? Yes, indeedy! LITTLE, WIGGLING RED WORMS -- dripping out of the water faucets in some sections of Miami Beach..! ( for this you pay \$50\$ a day???) Health officials said they're mighty UNpleasant but ENTIRELY HARMLESS..... (that's what YOU say - did YOU ever try drinking a flagon of red, wiggling worms?) At last report they were still hunting for the source of the 'wormies'..... NOW-- if we can only get the Grass-hoppers and the Wormies together ----- It WOULD solve the food supply for the hoppers! (Perhaps they should import some of the real HEXY tootlin' trumpets from Pennslyvania -- it kept the worms way away from Clarence....! And- THAT is quite enough of THAT !

INTERNATIONAL ORO LETTER NUMBER 2 - A subsidiary of IRI Associates -  
Andrew Bache - Board Chairman -

DREAM INTERCESSION: A letter was received by Scoop which I feel may interest all readers: the letter writer's identity will not be made known but nonetheless I feel that if it is of any significance, some of you may care to drop a card or a letter so indicating any corroborating information.

This letter alleges that while sleeping, he dreamed that someone or something tried to "get" him. Now at this point I must interject that the letter claimed that he felt that his experience may be characteristic of those who are "attempting to bring the world the truth about flying saucers." I, personally, feel that this man, although he at no time stated to me, may feel that he is a so-called "contactee". I further assert that his form of "reality" in its manifestations and forms, is what I call 'Dream Intercession' - which is very likely a form of "possession", which the Bible alludes to on many occasions.

Let us call the man Jim: He stated that at about 4 AM he jumped out of bed and ran to the front door of his home. Instead of unlocking it (he stated that he could have easily done so, but for some reason did not) he threw two Karate type chops and having knocked most of the door's glass out, proceeded to jump (in his bare feet) through the window and landed on the concrete outside! Soon after, Jim 'woke up' and discovered that the bottom part of his foot was cut to the bone across the top and bottom, part of his thumb was allegedly cut off, 4 small tendons on his foot and the one large one that holds it in place, were severed. Jim lost consciousness but he states his friends (neighbors) called the police and he was therefore taken to the local hospital. Result of the episode: a medical bill of \$1,500 and six days in the hospital.

I contend that here is an individual, judging from his handwriting, who has a normal background, probably he is a so-called "average" type who is neither a scientist nor 'skilled labor'. I would assert that he is a typical "contactee"- IF any such generalization can be applied to a problem person. Further, through analysis of the spelling and grammatical errors in the letter, I would say his mind had either been 'tampered' with, so to speak, or else he has been subjected to what may be termed a traumatic experience: a "contact" for example. OR - a supposed level of reality wherein the "contactee" thinks he is contacted by the 'spacemen' in the 'flying saucers'. Well, that is HIS right to think so: I am neither condemning nor condoning such opinions. Suffice it to say that the WHOLE FIELD of 'mental contact' is entirely too much neglected by QUALIFIED researchers. It would be fortunate if more psychiatrists and psychologists could study the new 'phenomenon'...

1947 REPORTS - July 7, 1947, Spokane -- (AP) -- An air and ground search is scheduled to get underway tomorrow to investigate a report that eight flying discs had landed on a mountainside near St. Maries, Idaho, in full view of ten persons. Mrs. Walter Johnson, of suburban Dismal, said the saucers came down in timber, Thursday evening. Later today, Col. G. R. Dodson, of the Oregon Air Guard, announced a patrol would leave Portland at 10 AM Monday to investigate the report. At the same time, Sheriff Oron L. Thomas at St. Maries said he would send a ground party into the area.

Monday, July 7, 1947 -- Daily Kennebec Journal -- REPORT IN AGUSTA -- Meanwhile, mysterious saucers "about as big as a dime" were reported speeding northward over Augusta, Saturday, by Dannie Kelley, announcer for an Augusta radio station. Kelley reported seeing the phenomena which have aroused observers in 33 states about 1:15 PM and called the CAA but the discs had disappeared before he could get officials on the telephone. The Augusta man said the objects were of a grayish color and traveled faster than any airplane...

July 8, 1947 -- Daily Kennebec Journal - "SAW 'EM TWO YEARS AGO!" - The mysterious saucers first were reported on June 25 in the state of Washington, but - Charlie T. Hamlet, superintendent of the Kingsport, Tenn. Times news composing room, said yesterday he had seen the discs two years ago. They were "of a bright aluminum color" and "were going at terrific speed", Hamlet said, explaining he kept quiet about them because of the Oak Ridge atomic bomb plants - then a war secret.

CONTACT WITH A 'SPACE ENTITY' - The Rev. De Polo, assistant pastor of the Bethel Assembly of God Church in Boardman, Ohio, was awakened at 1:30 AM on the morning of July 18, 1967, when he heard a strange whining sound. Peering outside to see what had happened, the Reverend was confronted by the figure of a man in a "Space Suit" and "Helmet", which stood in the driveway. The figure was completely enveloped in luminosity and held one arm upraised in a gesture of peace. When the Rev. De Polo went outside he received a definite telepathic message: "You have nothing to fear. I will not harm you; and I know you will not harm me." The apparition suddenly vanished when the witness began to walk toward it. In the aftermath of this curious story, over 200 persons in the immediate area observed a luminous circular object about the same time of the Reverend's 'visitation'.

OVERSEAS REPORTS: NORWAY - Sept. 18, 1968 - 'TELETERDISC' in FREDERIKSSTAD - Mr. Peter Otto Rod was lucky enough to see a THREE INCH BALL-SHAPED OBJECT at very close hand. "I was walking along Hans Nielsens Hauge's Street up the hill, from the firestation towards the railway when I heard the sound of a regular jumping behind me. The sound was like a smash from a metal object hitting the street. Suddenly, I saw the object under a street-lamp. It was grey-white and as big as a ping-pong ball. There was nobody on the street and I started to pursue the object but I was delayed by a car. However, when I was right behind the object - it disappeared completely! I was looking around in the area but I couldn't find anything. The object was jumping in jumps about 2 to 5 feet long. And all it jumped about 200 yards before it disappeared. Probably straight up."

STRANGE OBJECTS OVER ULFSHALE, MOEN - Nov. 2, 1968 - Denmark - Mrs. E. K. from Stege was at her summer residence in Ulfshale facing the Baltic Ocean. When at 5:50 PM, Mrs. E. K. went out - it was dark and through a hole in the hedge she by chance caught sight of a luminous 'THING' gliding over a hilltop 200 meters away. The shape was almost like the silhouette of a deep-chested man wearing a long monk's frock with a cowl. The object itself was not shining, only the outline area. Mrs. E. K. went out to the field to get a better look and then she caught sight of three objects - passing a brook and then turning 90 degrees towards east. All of these objects were of the same shape as the first one, but the leading object of these three had a dark-red outline light, while the two others were shining brighter. All of them were gliding over the ground where there was high grass and rush. They all disappeared behind some trees and brushes. After a moment, Mrs. E. K. saw the dark-red object again. It turned to the right and disappeared behind the hill. The size was estimated to be about 8 to 9 feet in height -- and the speed 75 to 80 km. an hour...

HOVERING OBJECT IN MAINE - MAY 7, 1969 - On Wednesday, May 7, 1969, at about 10:30 PM, a carload of persons were driving along a deserted stretch of road between Palermo, and Weeks Mills. They saw an enormous inverted pan-shaped vehicle hovering above some trees at low-level, about 1,000 ft. distant from the road. It ( the UFO ) rotated, had large LIGHTED rectangular-shaped windows, and emitted NO sound that the witnesses could make out. They got out of the car to watch... as the object hovered, it made a rocking motion. Shortly, the mysterious airborne craft decided it was time to split for other parts and quickly sped off towards the Northwest and was soon lost from sight. FLORIDA REPORTS: There has been an upsurge of UFO activity within the last few months. Mr. A. K. Breast of Miami has reported some very unusual sightings, including one that seem to go 'down' in the Everglades area. Other reports have been received from that swamp area and they continue to pick up as you go further north. Mrs. June Bartholomew, Director of the Sarasota Scoop Office, has reported numerous sightings in her area which seemed to reach a climax the night of MAY 21. At which date a CIGAR-SHAPED ufo was observed by many persons, and also calls were numerous to radio station WKXY- Sarasota. On the same evening, and aprox. the same time, reports were received of an 'OBLONG' object in the New Port Richey -Hudson area to the north of Sarasota. Mr. Tommy Dixon, of radio station WGUL had a personal, eyewitness report given to him. At times this object SAT still or hovered in a stationary position for at least two minutes. It was learned that a satellite launching was on tap for that night - however - NO satellite can sit in any one position for even 1 minute! On the night before the Sarasota and New Port Richey sighting, Mrs. Eula Lewis, Scoop Director for the Brooksville area, also reported strange objects in her vicinity that had been seen by many. All the above reports, with the witness names are on file here in the Home Office, and further investigations are presently being conducted. Within the last few weeks, reports have come in from the East Coast as well.

The witness made his observation while serving in the military. Therefore, he wants to be anonymous. His name and address are known to us. His reports read as follows:

"During the spring of 1961 I was a soldier at the rocket base in Gundred, 12 kilometers outside Hillered. One evening on common service we were two soldiers in the Bc van controlling in-flights over Denmark. At about 23:00 we got a dot on the scope. The dot moved slowly over the scope. We followed it on the radar screen. We agreed that it could not be an ordinary traffic plane, as there did not come any echo back from the dot. It is always possible to recognise international planes on their radar echo. We locked the radar on the dot to keep it steady. The plotter had started correcting the course of the dot, when suddenly it flew over the radar scope so fast, so quick, that neither the radar follower nor the plotter could follow it. As a result the automatic plotter ran over the plotter paper in a straight line and stopped vibrating. We could hear that it was completely out of control. At the same moment the automatic plotter got out of control, I saw a lightening dot running over the radar scope from left to right side at such a speed that it resembled a meteor. However, meteors cannot be caught on radar. I have not seen the phenomenon before or later on. But I have heard that a few other soldiers have had similar experiences."

After his experience, Mr. N.N. has had psychic and physiological aftereffects. The same has been the case with other soldiers. The effects indicate that probably the central nervous system has been effected. They have difficulty in walking freely and are experiencing anxiety and even fear and inability to concentrate. The cerebrospinal fluid surrounds the nerves in the spine and in the brain. It contains sugar and protein molecules and nourishes the nerves. The amount of the fluid is rather small. The cerebrospinal fluid might be ionized due to the radiations from the UFO's, and this will affect the electric conductivity of the nerve cells. It might also be that the radiations from the UFO's have a direct effect upon the electric conductivity of the nerve cells.

Electric impulses in the brain are associated with the transference of ions from one neuron to another. Outside the neuron membrane the number of the sodium ions are ten times higher than the number of potassium ions. Inside the neuron membrane - the number of the potassium ions are ten times higher than the number of sodium ions. It is possible if the sodium ions succeed in traversing the membrane, the neuron cell loses its acidity, and the "current" passes. It is possible that the transfer of ions is determined by a sudden decrease of the electric field of the membrane. This decrease has been evaluated to 30% and takes place in the membrane, when the nerve influx reach the nerve cell immediately preceding the circuit. To some extent the brain resembles a transistorized system consisting of PNP and NPN transistors just more complex and sophisticated. The human brain receives 1,000,000,000 signals a second and possesses about 12,000,000,000 brain cells.

It cannot be excluded that the radiations from the UFO's have a direct impact upon the ionic transfer in the brain. It might account for the many cases of psychic and physiologic aftereffects due to close encounters (or "silent contacts") with UFO's...

AUSTIN, MINN. - Jan. 27, 1969 - The Freeborn County Sheriff's Department is investigating the report of a ufo near the Austin area early Sunday morning... Mrs. Lee Beghoff reported seeing the object, which was WHITE with a RED top... Reports later from Cerro Gordo County, Iowa, near Mason City, confirmed that a METEOR of that description had been found...( Scoopnote: Oh, come now...! WE never saw a METEOR with a red top and an white bottom! In fact, we haven't even seen a meteor with a WHITE top and RED bottom..!)

HUDSON, WISCONSIN - Jan. 30, 1969 - A UFO has been reported about 6 miles east of Hudson. A resident reported that about 12:30 AM Sunday he saw an object hit the ground, followed by two brilliant flashes - like lightning. He thought the UFO hit the ground somewhere in the immediate vicinity. Shortly after the report... other reports came in from Dellwood - reporting a similar object landing somewhere in a southeasterly direction. Police in Prescott and New Richmond also had reports ...On Sunday afternoon, about 20 Skidoo drivers, members of Snow Trails Unlimited- combed an area for 10 miles...searching... Nothing was discovered. An airplane assisted in the search - it too was unsuccessful in sighting anything. According to Sheriff Charles A. Grant, the most logical explanation is that it was a falling meteorite. (Scoopnote: With a RED TOP and WHITE BOTTOM??? Soo very nice of it to NOT leave a hole for the Skidoo's to fall into!)

BILLINGS, OKLAHOMA - March 4, 1969, Sightings spur UFO probe ... The Air Force took reports of a ufo seriously enough Wednesday to launch an investigation - headed by Major William J. Mills, Wing Operations Officer. Several persons in Billings, 50 miles northeast of Enid, reported Tuesday night they saw the object between 8 PM and 9 PM. Two Highway patrolmen also reported sighting an object in the northern sky... The patrol report said it appeared as a "star with a red-dish cast". The Patrol said it did not appear to be an airplane or a helicopter and appeared to hover or circle.

ELMER, MO. - March 6, 1969 - ...Bill Overstreet was on his way from Elmer to Atlanta Tuesday morning about 6:40 AM when he noted a bright light to the south of him as he was about 4 miles west of Atlanta on Rt. J. The object seemed to be going in a northerly course while he continued west and came over a crest of a hill - to see this "Thing" directly over the roadway ahead of him.

CONTINUED

Overstreet described the object as a reddish colored ball - about 100 feet in diameter - 50 ft. off the ground. It gave off a light so bright that he pulled down the sun visor in his truck and shielded his eyes with his hands. While he watched and approached it, it changed color in the center to a bluish light that wavered and he noted a thin border around the outside of the UFO that was yellow and moving in a clockwise motion. He heard no noise as he got closer to the 'thing' and decided to investigate it by driving under it. He estimated its speed at about 40 mph. As he got closer, a BEAM of light that was the width of the craft at its origination but only about 8 ft. in diameter on the road, shot down in front of him. Overstreet described the beam as bluish-white and giving off intense heat...

When the front of the truck touched the beam, both the engine and his citizen's band radio abruptly stopped. He depressed the clutch pedal and the UFO moved ahead of him - and both the engine and radio came back to life. He again attempted to catch up to the thing to see what it was but the engine started missing when he got to within about six feet of the beam and stopped altogether when he contacted it again.

He then stopped chasing it and watched it move out of sight to the west -- still maintaining the relatively slow (for airborne craft) speed and low altitude as it veered north around a tower near highway 63 and then southeast and out of sight near Macon...

#### SENTRY UFO DETECTOR

Our UFO detector is receiving great praise from important people. Here are some examples:

"These gentlemen have possibly one of the greatest breakthrough for people who believe in UFO's. If you believe ... then you must own their invention! It is an advance of modern science to detect anytime a strange object is in the atmosphere."

RICHARD DAWSON  
Star of "HOGAN'S HEROES"  
CBS-TV

"I have demonstrated the SENTRY to my friends. They were amazed. I feel it is the best detector in the field. I've seen and read about others, but they're no match for the SENTRY."

KURT GLEMSER  
Prominent UFO writer and researcher

The new SENTRY needs no N-S orientating. It has a certified reacting time of 1 millionth of a second. Hermetically sealed components. And is UNCONDITIONALLY guaranteed to respond to an approaching magnetic field everytime... or your money back. Just wave a magnet over the SENTRY and see what happens! VIBRATIONS, POWER SITES AND QUARTZ CRYSTALS

by

ARTHUR SHUTTLEWOOD

More than two hundred of these stones are sited in the North-South alignment and are named after Arthur. But Arthur does not signify any known Celtic warrior king, points out Mr. Williams. In Welsh, the name means GREAT BEAR - and he suggests that this may be indicative of the POWER SYSTEM being based on polar magnetism.

However, he reckons that the roofing, lintel or cap stones were placed there as Rocking Stones, in order to operate the Power System as and when necessary. This knowledge, if true in essence, is instrumental in unfolding a great deal of information wholly relevant to alien spacecraft manifestations around STONEHENGE, AVEBURY RING and the masses of ancient burial barrows and tumuli around the WARM-MINSTER area.

Could it be that 'Arthur' was the famous KING ARTHUR of the adventuring Round Table of knights, those goodly men of honour and virtue who goodly fought long and nobly for human rights and upholding of the Christian faith? And that the GREAT BEAR constellation (other-wise known as Ursa Major or the Plough) is aligned to King Arthur and his illustrious father?

It can readily be appreciated that this would produce a welcome stratum of fact from the slurry of legend IF there is a bond of unity in these suppositions. It would partly explain why so many UFOs threading their way through aerial lanes over Warminster seem to originate - or initially become noticed - in that particular stretch of the Northern Sky. If the Arthurian legends are not altogether mythical, his identity - so far obscured by fanciful embroidery and heavily embellished trivia - any way be synonymous with that of enlightened space beings from a distant Galaxy. Is that where our Outer Space entities hail from? As my latest book 'WARNINGS FROM FLYING FRIENDS' relates, already the chief burial barrows, the Long Barrows, around our district - are seen to FORM the accurate outline of the GREAT BEAR and were constructed, say the archaeologists at least 4,000 years ago.

According to thinkers...these ancient power sites were centres used by crews and passengers so that alien spaceships could recharge magnetic power units to minimise gravity pull when leaving Earth after touchdown. Scientists and chronologists have constructed hydrogen and atomic timepieces that involve crystal and quartz principles to regulate and alter dimensions corresponding to current flowing through a circuit. The crystals expand or contract in keeping with the strength or weakness of electronic current input.

Frequency oscillations are set up, energy flows stabilised so that perfect time is maintained, thanks to the timekeeping element of humble CRYSTAL... Experiments conducted with quartz crystal and incorporating electrical fields of high vibratory impact and intensity might bring worthwhile results in the formulation of revolutionary propulsion methods. ULTRASONIC waves, tremendous SOUND FORCE directed or angled at crystals, then deflected by them, may produce surprises also in the way of harnessable laser-beams...

"THEORETICAL 'CLOUD TRANSPORTS'" by GEORGE MENON - EXECUTIVE DIRECTOR -  
OMEGA

It has allegedly been claimed that Gallatin, Tennessee, is a so-called 'cosmic communications pole'. I am going to relate certain incidents that may possibly substantiate this hypothesis.

September 23, 1880, was a bright sunny day, and a few miles from Gallatin, David Lang had a small farm. On that day he took a walk down the path which led to the pasture where his horses were grazing. Although his wife and two children saw him depart for the pasture, he never reached the field. Not only the Langs, but also a Judge Peck and the Judge's brother-in-law were driving up to the Lang house when they saw him disappear... NO trace of Lang was ever found. There was apparently nothing unusual about the spot where he disappeared -- no holes were found. Surveys of the area were made and holes were drilled to test for caves or sinkholes with negative results.

It was nonetheless significant that several months after the incident that the Lang children, playing near the spot where their father had disappeared, distinctly heard their father's voice crying out for help. It is noteworthy not only to observe that the father's voice became progressively fainter as he repeatedly cried out for help, but also at the same spot where he so suddenly disappeared, there was a circle of yellow-brown stunted grass about 15 feet in diameter.

ANALYSIS: This incident recalls the disappearance and subsequent re-appearance of a Naval ship in the book: "ALLENDE LETTERS - NEW UFO BREATHROUGH" by Brad Steiger and your editor Joan Whritenour. In the above described incident, there are three clues to be noted: David Lang disappeared SUDDENLY (he did not rise slowly into the air) - a circle of stunted grass appeared in the 'mystery spot', and 7 months later (after he had disappeared) his children heard his own voice calling, until it faded away.

It is conceivable that a so-called "Universal Cloud", or simply a 'cloud transport' whisked David Lang away. It is assumed that such a cloud transport utilized molecular control to lift Lang up into the sky. Apparently, it effected same rapidly -- as Lang appeared to 'vanish'. Further, by virtue of the fact that his children 'heard' him some 7 months later, it so is possible that telepathic contact might have been established. Other reports of strange disappearance have been widely noted: On Jan. 29, 1948, between Bermuda and Kingston, Jamaica aircraft disappeared without a trace. Also, on Jan 17, 1949, same phenomena. East of Florida on Dec. 5, 1945, other aircraft disappeared.

In another episode, the crew of a Navy blimp disappeared in 1942 off the California coast. The blimp suddenly soared into some clouds -- which were in all probability 'universal transport clouds'. There is some possibility here that a connection exists with the 'crinkly-sounding' clouds that were sighted and HEARD in the Jacksonville area of Florida in Feb-Mar 1969.

CONTINUED

Getting back to the Navy crew: it is my contention that the men were either carried away by a natural method without specific purposeful intent or else were whisked away by an intelligently directed and controlled entity that had certain objectives and reasons for the abduction.

On July 1, 1955, it was reported that a nine year old girl was riding a horse -- a thunderstorm was approaching -- at one point, the horse and rider were picked up bodily and transported for nearly half a mile before returning, unharmed, to earth. The girl's mother, among others, allegedly observed this singular phenomena.

On Feb. 23, 1911, the Yorkshire Observer reported that on the preceeding day, a girl, standing among some friends, was shot up into the air about 35 feet and was crushed to death as she was violently thrown to the ground. It was further allegedly reported that meteorologists and aeronautical experts agreed that a wind would have had to be on the order of 110 miles per hour to have so lifted the little girl so violently. Nonetheless, on the morning of Feb 23, 1911, there was in point of fact no gale force wind, no gusts, that could have properly accounted for such a bizarre phenomena.

ANALYSIS: I contend that these phenomenon wherein the entity was 'captured' by something along the lines of a 'cloud transport', could be indicative of two explanations.

1) The molecular control apparatus was 'faulty', and could not accomplish it's 'task'.

2) Or else the apparatus, for one reason or another was not supposed to be in a state of operational preparedness.

Personally, I ascribe to the former hypothesis wherein the apparatus was apparently NOT functioning properly. There have been many recorded UFO-related incidents that involve humans, rocks and plants, and even animals, being 'picked up'. I further contend, that had the UFO had the fine benefit of a CLOUD COVER the witness would have described the lifting up of such things as the work of a 'mysterious cloud'. In fact, many UFO's have been reported to have manufactured their own cloud cover while in flight, and have been noted many times to come out of the area of strangely-shaped 'clouds' which rapidly disapated whan the UFO left it's 'protection'.

It is entirely possible, I believe, for the 'transport clouds' to darken the entire sky if present in sufficient numbers. For example: in Aitkin, Minn. on April 2, 1889, a suddenly dark day developed during which, of all things, a shower of sand poured down from the sky. Moreover, in London, in mid-morning on August 19, 1763, another 'darkness' occurred at a time when the astronomers declared an eclipse of the sun could not possibly happen.

ANALYSIS: I shall refrain from further comment at this time, and I welcome any comments from the readers on the above article. IS there such a thing as a 'Cloud Transport' -- or -- IS it a UFO in a 'cloud' disguise ???????

1909 !!! MYSTERIOUS LIGHTS !!! 1909

by BRENT RAYNES

"Mysterious Lights Again Cause People to Wonder" -- From the Traverse Sky over villages east of Worcester -- Seen from Boston Common -- Tillinghast Refuses to divulge His Secret - "Will talk When I Get Ready." (Newspaper headlines)

BOSTON - Dec. 23, 1909 - Following the report from Worcester last night of the discovery above that city of a strange moving light, apparently the searchlight of a dirigible air craft, tonight brought stories from many points of the observance of similar lights this evening. People in the towns of Marlboro, South Framingham, Natick, Asland, Grafton, Upton, Hopedale, and Northboro turned out in throngs to view the mysterious lights in the heavens.

... Meanwhile, Wallace E. Tillingast, the Worcester man who recently claimed to have invented a machine in which he had covered the distance between Worcester and New York and returned,,. remained non-committal today. In an interview he said: "I was out of Worcester last night. Where I was is my business. It may be said that I flew over the city but that is my business too. When I said recently that I had flown from Boston to New York and returned I said nothing but what was true. I have an airship which will carry 3 or 4 persons and will make the speed I claim for it -- that is about 120 miles an hour - when I get ready I shall speak fully and not until then."

While thousands of eyes in Worcester scanned the skies tonight a mysterious light, which many believed to have come from a fire balloon, passed over the city to the southwest. Throngs stood in the streets to watch the light. As on LAST night, the light was first reported passing over Marlboro about 6:45 o'clock. The light, which was at a height so great as to make it impossible to see a view of its support, disappeared to the southwest in the direction of Westboro and Worcester. It was traced from North Grafton, not far from Worcester through Grafton, Hopedale and Milford and then after being lost - reappeared in Natick about 7 o'clock going in the direction of Boston. Observers are positive it was a searchlight. At 7:45 it was seen from Boston Common according to a number of people...

It was claimed earlier in the evening that Mr. Tillinghast was in Worcester, but positive proof of his prescence could not be obtained... Observers at several points report that while the light was generally steady, occasionally it flashed and one or two times disappeared suddenly. In Worcester it is estimated that 50,000 people thronged the streets and all points of vantage until late in the evening... It was small and less brilliant than last night... Wallace E. Tillinghast was known to be in the city all evening.

WILLIMANTIC, CONN. Dec. 23, 1909 -- What is thought to be the airship which has been seen over Worcester for the past two nights was seen here tonight... A searchlight which the ship carried was played from side to side as the ship passed.

## TECHNIQUES OF SUBVERSION, CONFUSION AND CONQUEST

by JOHN A. KEEL

For five thousand years or more power-mad men have played a vicious game with the lives and destinies of their followers. Even Genghis Khan was familiar with the basic precepts of psychological warfare. He ordered his men to savagely destroy cities and kill everyone in sight, and then he made sure that a few people survived and escaped to spread the story of the plunder to other cities along his route. Those cities surrendered pitifully in the hopes that he would show them some mercy. Many centuries later Hitler employed the same techniques, with many modern embellishments, by sending his dive-bombers against the helpless city of Rotterdam and wiping out whole villages in eastern Europe.

Yes, we are wearily aware of how men have played this ugly chess game throughout history. But now let's extend this. How would you go about the capture and enslavement of an entire planet?

The rules have already been laid down. The game has already commenced. It is being played now on a global scale. Here's how it is being done.

Step #1 : The press must be controlled. Mussolini started out by taking over one newspaper. Today a large part of the world is in the hands of dictators who completely control and censor the newspapers within their countries. In the U.S., more and more independent newspapers are being swallowed up by powerful chains and syndicates.

Step #2 : The economic situation must be controlled. This means that currency and, more important, gold must be manipulated. Now look at what is happening to the world's monetary market today. Currencies are being devalued, or devaluation is threatened. Gold is becoming scarce. The gold market is in a panic. Economic disaster could strike worldwide at any time. Inflation is running wild in every country.

Step #3 : Communications must be controlled. Radio, mail, and telephone communications have been breaking down all over the world in the past two years. The national defense communications system in the U.S. was completely knocked out twice in 1968. The "hot line" between Washington and Moscow has been disrupted twice since 1966. Our general telephone system is now so overloaded that a complete breakdown is eminent!

Step # 4 : Armed forces must be diverted and drained. Viet Nam.

Step # 5 : Religious (moral) control must be usurped. "God is Dead". Look what's happening to the Catholic Church.

Step # 6 : Anarchy must be introduced. Young people throughout the world are in open revolt against "the establishment". Colleges and universities in nearly every country are in an uproar. The "sexual revolution" has been accompanied by the widespread use of drugs.

CONTINUED

The young people are rejecting the present social order, the draft, the materialistic attitudes of their elders. There have now been hundreds of cases in which teen-agers and young adults have been caught committing acts of sabotage against communications, power plants, military installations. "Underground" Hippie newspapers are filled with instructions on how to build bombs, cut telephone cables, etc.

Step # 7 : Suppress or assassinate those leaders who show potential ability to control this mess. If you can't buy them off, shoot them down.

Now add these steps up. What do you get? You have a controlled press, disrupted communications (vital in any "war"), economic chaos, strained and depleted military forces on a distant battlefield, mobs of enraged anarchists at home willfully trying to assault and undermine the established system, and that system is led by individuals who are not necessarily the men best equipped to handle the situation. Result: a complete breakdown on every level.

Back in 1933, Hitler had the German parliament building burned down. Then he howled that the communists had done the deed and German's only salvation was obviously to install him as head of the government so he could take a firm hand and deal with those communists. The present world situation did not come about overnight. It seems to have been carefully planned and that plan has been skillfully executed by someone hidden far behind the scenes for many years.

If you start following the data on these seven steps to hell in your daily newspapers you will soon realize that we are moving inexorably towards the final denouement, almost as if we were being guided by some gigantic computer. The Negro militants, the raging college students, the army defectors, and even groups like the John Birchers and the Ku Klux Klan are merely being used as pawns in this game.

Now carry this to the final step. Suppose our planet is reduced finally to complete chaos economically, socially, morally? Then suppose great formations of strange objects descended in every country and strange beings of great splendor spoke to us suddenly over our radios, TVs, and telephones, and told us that we were upsetting the balance of the universe. We had made a mess of things and the only solution was for them to take over and show us the way out of our dilemma. For years a small by noisy group of people had been telling us all that benevolent space men were coming to save us from ourselves. Now - the man-in-the-street would remember all those stories he had laughed at before. Things were in a terrible mess, he would admit, and maybe these splendid beings could salvage the situation. They promised an orderly world of love and brotherhood and peace.

Would we welcome them? If we did, then you would have the answer to my question: How do you take over an entire planet without firing a shot or losing a single life of one of your own?

"THE FORCE FIELD IN THE SKY"

by

JOSEPH ULE

(Re-printed from: CAPER NEWS - Ramona Clark, Editor.  
313 Ingram Street, Norfolk, Virginia.)

"The night of Jan. 2, 1969, three very excited people came to our home. The mother of the young man, Mrs. De Witt Roberts, the young man, Manuel Lopez; and his girl companion, Miss Kay Russell. As my wife met them at the door, I was immediately struck by the pale and nervous appearance of the two young people. After preliminary introductions, the over-excited youngsters and I removed to one side of the livingroom while my wife and Mrs. Roberts entered into a discussion."

"Young Manuel Lopez began in a broken and at first wandering fashion, to relate as astounding experience he and Kay had the night before while parked near Manuels home, in the rear area behind Food Fair Supermarket. At about 11:15 PM as they sat in the front seat of Manuel's stationwagon, they were suddenly startled by a hollow, deep, penetrating sound from topside -- as though it came through a vast, long tunnel. It was the type of sound associated with horror movies, they both said.

This caused them to look up and at the same time -- came down a RAIN of apparently concentrated HAIL, slow-moving, small NEEDLE-LIKE pieces, which hit a compact area of the windshield, and front portion of the roof of the car. Then -- the awesome part of their experience began...

They both started to feel a sense of sudden warmth and the sensation of complete weightlessness as they felt an uncontrollable force tug at their solar plexus and travel upwards through their chests and into their heads to the top of their brains. They could not move. Tingling warm electric shudders and waves coursed throughout their whole bodies and an enormous sense of complete blankness came over them -- as their eyes were guided upwards without any apparent volition of their own -- and riveted upon a brilliant, silver-hued object, way out in the immensity of space. They had by then lost all sense of volition, they both related to me, as they looked upward they had the distinct feeling of penetrating millions of miles into the outer distance and the source of the silver light made it possible to look right through what appeared to be a dense cloud.

They felt as if they were looking through what a force field which made it possible for them to penetrate space with their new power of vision... Their feelings were eerie, uncanny, but in no way harmful. They could not, or rather had no desire, to fight this force field and actually they could not judge how long they were riveted by its powerful force.

They recalled a tapering funnell-like stream of light issuing from the silver object to encompass the immediate area of the car. During the suspended state they once more heard the hollow, deep tunnel, cryptic sound -- and instantly the force field, ray and beam with its powerful despotic effect upon them dissipated.

CONTINUED

They at once clasped hands, and felt a "Deep Freeze" chill - like dry ice, and the inability to let go, just as intensely cold objects will glue to the skin and resist all efforts toward removal without tearing the skin. When this condition vanished, they bolted out of the car, looked all around, and neither saw or heard anything.

In recalling the experience, Manuel said that upon the first notice of the deep hollow sound, he attempted to start the car and it refused to turn over. An inspection of the stationwagon showed small pittings on the windshield and the front portion of the roof caused by the "hail". Both Manuel's hands and Kay's hands showed the effects of their attempt to UNclasp their hands. On Manuel's right thumb tip and Kay's left thumb, were cuts that bled.

In an interview with Kay's aunt she expressed that the day after all this happened, Kay was in an "out of this world" state. It took some time to snap her out of the pale, concentrated-trancelike state. It was as though the horror of it all had her hypnotized.

Lt. Terry Jones of the Sheriffs Department called to see if the objects Kay and Manuel had recalled during questioning, had been told to Mr. Ule. Kay recalled four "Grayish" objects on the roof of a near-by dime store, but when she returned to the spot a half hour later after the incident, only two such objects could be spotted. Manuel also recalled four "fireplug looking" objects, about two and a half foot high - two of which had a helmet-like upper portion and a flared pyramid base.

Apparently these objects were gone when Joseph visited the area with the young couple on Jan. 5. Manuel parked the stationwagon in the exact spot where he thought it was parked on the night of the strange happening. Joseph reports -- "I noted that the feed wires leading to the shopping center were about 20 feet to the right and the high tension lines at a much greater distance. The large transformers directly behind the store were about 100 feet away. "

Strange phenomena concerning space objects are numerous in UFO reports, but they always concern the immediate vicinity and close contact with wires. This occurrence differs radically from all the bizarre and strange occurrences connected with this type of experience I have ever encountered. I do think these young people, Kay and Manuel, truthfully experienced an "Out of this world" condition..."

NOTE: We wish to express our appreciation to PAT PARKS of the KEY WEST CITIZEN for her help and cooperation in obtaining this report from Mr. Joseph Ule. The first publication of this unusual happening was written by Pat in her column for the Key West (Fla.) CITIZEN.... Mr. Ule reports to us that on three occasions his neighbors witnessed UFO's over his house, he was asleep at the time. "I think, rather humorously, that they were studying one of the most unusual homes on the KEYS, seven round rooms topped by seven domes. Eleven miniature UFO's illuminate my place."
